Experience

Cube Technologies
Anamnagar, Kathmandu
2024 (about 5 months)

I test systems for vulnerabilities, simulate cyberattacks, and help improve security.

Code For Change
Kathmandu, Nepal
2024-2025

As a CR of Code for Change, I actively participate in web development seminars and workshops, gaining hands-on experience, networking with professionals, and enhancing my technical skills.

Aryan Hackfest
IT club of Aryan School of Engineering

I participated in a hackathon organized by Aryan Hack Fest and the IT Club of Aryan School of Engineering, where I collaborated with others, tackled challenges, and showcased my web development skills.

Education

Gyankunj College
+2 science

Aryan School of engineering
Bachelor in Information Technology
2021 and running
